# Clocks & Alarms, Siri - iPhone - iOS 18

## Summon Siri

*Siri is a virtual assistant with a natural-language interface to perform many actions.*

*There are several ways to summon Siri. For beginners, the best way is:*

- 1. Press and hold down the Side Button (Home Button for iPhone 8 & older).*
- 2. Speak your request.*
- 3. Release the button.*

*iPhone X & newer* ↑

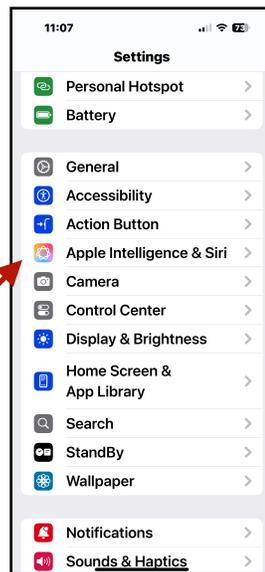

*Home Button*

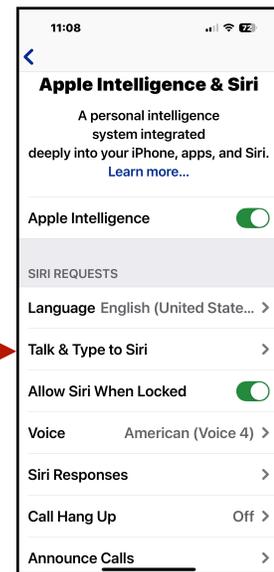

## Siri Settings

*Tap Settings app, then Siri*

*Settings for Siri & Talk & Type to Siri*
