Instructions on how to make an Emergency SOS call on your iPhone

Tap to turn on

Call with Hold and Release

If you continuously hold the side button and either volume button, a countdown begins and an alarm sounds. After the countdown, if you release the buttons, iPhone will call emergency services.

Call with 5 Button Presses

If you rapidly press the side button five times a countdown begins and an alarm sounds. When the countdown ends...

SOS Call

Slide to Power Off

Slide to call 911

Another way to Emergency Contacts

Tap to cancel

How it Works

- *When you make SOS call, your iPhone automatically calls the local emergency number.*
- *Your iPhone alerts your Emergency Contacts, including your location.*
